

Privacy Policy for Website and Administrative Data

This Privacy Policy is a translation of the German original ("Datenschutzerklärung"). In the event of any discrepancy or contradiction between the German and English versions, the German version shall prevail.

Scope of this Privacy Policy

In this Privacy Policy, we inform you about how we process personal data that we collect in connection with visits to our website, the registration and use of fetchtax, and in the course of our business relationships.

Not covered by this Privacy Policy is the processing of personal data of our customers on behalf of our customers (customer data that our customers process in fetchtax). Such processing is governed by the Data Processing Agreement (DPA) pursuant to Art. 28 GDPR concluded between us and our customers.

1. Controller

The controller responsible for data processing is HeyPragmatic GmbH, Kolonnenstr. 8, 10827 Berlin, Germany.

For data protection matters, you can reach us at: privacy@fetch.tax

2. General Information on Data Processing

2.1 Definitions

This Privacy Policy uses the definitions of the General Data Protection Regulation (GDPR). Personal data means any information relating to an identified or identifiable natural person (Art. 4 No. 1 GDPR).

2.2 Legal Bases for Processing

Where we obtain consent from the data subject for processing operations involving personal data, Art. 6 para. 1 lit. a GDPR serves as the legal basis. For processing that is necessary for the performance of a contract or for the implementation of pre-contractual measures, Art. 6 para. 1 lit. b GDPR serves as the legal basis. Where processing is necessary to fulfill a legal obligation, Art. 6 para. 1 lit. c GDPR serves as the legal basis. If processing is necessary to safeguard a legitimate interest of our company or a third party, and the interests, fundamental rights, and fundamental freedoms of the data subject do not override the former interest, Art. 6 para. 1 lit. f GDPR serves as the legal basis.

2.3 Data Deletion and Storage Duration

We store personal data only for as long as is necessary for the respective processing purpose or as long as statutory retention obligations exist. Once the purpose no longer applies or the retention period has expired, the data is deleted or its processing is restricted. Statutory retention periods arise in particular from Section 147 of the German Fiscal Code (AO) and Section 257 of the German Commercial Code (HGB).

2.4 Transfers to Third Countries

Some of the service providers we use are based outside the European Union or the European Economic Area (EEA), in particular in the United States. For transfers of personal data to a third country without an adequacy decision of the EU Commission, we rely on Standard Contractual Clauses pursuant to Art. 46 para. 2 lit. c GDPR or – where the service provider is certified under the EU-U.S. Data Privacy Framework (DPF) – on the adequacy decision of the EU Commission pursuant to Art. 45 GDPR. Details about the service providers used can be found in the following sections.

3. Visiting Our Website

3.1 Server Log Data

When you visit our website, the following data is automatically transmitted to our hosting provider for technical reasons and stored in server log files: IP address of the requesting device (generally shortened/anonymized), date and time of access, name and URL of the file accessed, volume of data transferred, notification of successful retrieval, referrer URL (the page previously visited), browser used, and operating system.

The processing serves to ensure a smooth connection, a convenient use of our website, the evaluation of system security and stability, and other administrative purposes. The legal basis is our legitimate interest pursuant to Art. 6 para. 1 lit. f GDPR. The data is deleted after no more than 30 days, unless there are specific indications of unlawful use.

3.2 Website Hosting

Our website is hosted on the Lovable Cloud platform. The provider is Lovable Labs Incorporated, USA, represented in the EU by Lovable Labs AB, Box 190, 101 23 Stockholm, Sweden. Data is stored in the EU.

When our website is accessed, the log data specified in Section 3.1 is processed by Lovable. We have concluded a data processing agreement with Lovable pursuant to Art. 28 GDPR.

As Lovable Labs Incorporated is based in the United States, personal data may be transferred to the United States in the course of maintenance and support. The transfer takes place on the basis of Standard Contractual Clauses pursuant to Art. 46 para. 2 lit. c GDPR.

The legal basis for the processing is our legitimate interest in the stable and secure operation of our website and application (Art. 6 para. 1 lit. f GDPR) as well as the performance of the contract (Art. 6 para. 1 lit. b GDPR) for the use of fetchtax.

3.3 Embedding of YouTube Videos (Two-Click Solution)

We embed videos from the YouTube service on our website. The provider is Google Ireland Limited, Gordon House, Barrow Street, Dublin 4, Ireland ("Google").

The embedding takes place via a so-called two-click solution: When a page containing a YouTube video is accessed, the video is initially not loaded. Instead, you see a preview image with a notice that a connection to YouTube will be established when the video is played. Only when you actively start the video by clicking and thereby give your consent is a connection to YouTube's servers established and the video loaded.

With your consent and the start of the video, the following data in particular is transmitted to YouTube: IP address, date and time of access, URL of the accessed page, browser identifier (user agent), and, where applicable, further device-related information.

If you are logged into your YouTube account at this time, you enable YouTube to associate the access directly with your personal profile. You can prevent this by logging out of your YouTube account before playing the video.

The legal basis for the processing is your consent pursuant to Art. 6 para. 1 lit. a GDPR. You can withdraw your consent at any time with effect for the future by not continuing to play the video or by leaving the page. The lawfulness of the processing carried out until the withdrawal remains unaffected.

For any transfer to Google LLC in the United States resulting from the embedding, the provisions under Section 2.4 apply.
